The close link with the EIP-AGRI was established at EU level (EIP-AGRI Service Point) in, order to spread the project results to all EU countries and specifically targeting countries not represented in the project. Also, most of the partners established links with National Rural networks to spread the project results and activities.

The NEFERTITI website is linked to the EIP-AGRI platform. On the section ‘Results and resources’, a subsection ‘Useful info and links’ mention a direct link to the EIP-AGRI website.
